

Maths Scavenger Hunt

Can you find these items on a walk? Make a tally to record each time you spot something and then add up the total at the end..

Can you answer the questions on the second sheet? You might need to do some adding or subtracting, or spot which object has more or fewer tally ticks.. Good luck.

Total

Red doors

Grey doors

Black Cars

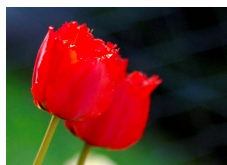

Blue Cars

Yellow Flowers

Red Flowers

Maths Scavenger Hunt

Which item did you spot the most?

Which item did you see the fewest of?

How many black and blue cars did you spot
altogether?

Did you see more red doors or more grey doors?

How many yellow and red flowers did you spot
altogether?

Can you also spot these things on your walk?
