

Dear Year 6,

Another week in lockdown completed. I hope you are all still staying safe and finding things to make you smile and laugh at home.

I have awarded Mason 50 house points for his country list, which had 15 countries in it, and I have awarded Caroline 100 house points for her list of 30 countries! Well done to you both.

Rhys has been very busy this week on his Olympic Country Topic. He chose Madagascar and created a fantastic 33 pages long Power Point presentation.

Charlotte has been working hard in a tent in the garden this week as well as celebrating mummy and Harvey's birthdays recently. I hope you both had a lovely day. Charlotte has also been honing her keyboard skills and learnt how to play Happy Birthday. She has been enjoying the good weather by getting the paddling pool out and having water fights with her siblings.

Jasmine has been working on her Olympic Country Topic work too choosing an intriguing country. I'm looking forward to learning lots about her country.

Caroline has also created a Power Point presentation for me to see this week, but her chosen subject was Covid-19. It was very well researched, written and informative.

Mason has been working hard and making sure that he gets his daily exercise, enjoying bike rides with his dad. He has also been preparing for a VE day celebration in his neighbourhood.

I hope you all have a fantastic weekend and week to come. If you are celebrating VE day I hope you have a lot of fun and stay safe.

After being in school this week, I am looking forward to seeing you all even more. Just think how fantastic it will be when we reunite!

Don't forget to send me emails and pictures on [baughtonr6@gmail.com](mailto:baughtonr6@gmail.com)
