

Year 1 - Term 1

Our topic this term is Great Explorers

Maths this term:

- Number: Place Value
- Number: Simple Addition & Subtraction within numbers 0 – 10

English this term:

- Writing simple sentences about events in the style of a diary entry.

Our Special Subject:

We have a special subject each week that we learn about in the afternoons. Next week we are continuing learning about everyday materials in Science. We have looked at a range of materials and investigated the properties that describe them. Next we will be conducting an experiment to see which materials work best to use on umbrellas! Hopefully we can find the material with the best properties to keep us dry! Please join in with us at home and see what materials you see and use everyday. What material do you use most?

This term's value is: **Responsibility**

What does being responsible mean to you? How can you show responsibility at school?

Reading:

Please continue reading at home! Really impressed by the children's reading this week. Thank you for your continuing support with this..
