

The Boughton Defib Fundraiser

We need your help to raise £800 to purchase and install a potentially life-saving defibrillator. The defib will be placed outside the school in a protective case and will be accessible to the school and the local community.

The shocking scenes witnessed by sports fans around the world during the Denmark v Finland match, demonstrated that a cardiac arrest can be suffered by anyone at any age and any level of fitness.. An immediately accessible defibrillator made the difference that day and could make the difference in our community too.

Friday 2nd July is D-Day
